VEHICLE MANAGEMENT SOFTWARE

autonemo® | VMS

TRACKING

Real-time visibility. Total control.

Live Vehicle Tracking

Monitor all your vehicles in real-time with accurate location updates.

Route Visibility

View traveled routes, stops, and deviations on an interactive map.

Instant Alerts

Get notified for movement, idle, geofence entry/exit, and more.

Tracking History

Access detailed trip history with playback and reporting.

VEHICLE MANAGEMENT SOFTWARE

autonemo® | VMS

AKIJBASHIR
GROUP

SHIP TRACKING

Real-time visibility. Total control.

Real-time Vessel Tracking

Track your vessels in real-time with precise location updates.

Route & Voyage Monitoring

Monitor routes, waypoints, and voyage progress for complete visibility.

Instant Alerts

Get notified for geofence entry/exit, deviations, speed alerts, and more.

History & Reports

Access historical data, trip logs, and performance reports anytime.

PRIVATE CAR MANAGEMENT

Track. Control. Request. Approve. All in One Platform.

REAL-TIME TRACKING

Track your private cars in real-time with live location and route history.

TRIP HISTORY

View trips, stops, distance, duration and driving behavior.

VEHICLE UTILIZATION

Monitor mileage, idle time and overall vehicle usage.

ALERTS & NOTIFICATIONS

Get notified for speed, geofence, idle, and other important events.

REPORTS & INSIGHTS

Generate detailed reports to improve efficiency and control costs.

SAFE DRIVING

Ensure driver and vehicle safety with smart monitoring.

DATA SECURITY

Your data is encrypted and 100% secure.

24/7 SUPPORT

Our support team is always ready to assist you.

FUEL MANAGEMENT

Registered Fuel Pumps, Fuel Purchase, Billing & Ledger

KEY FEATURE HIGHLIGHTS

REGISTERED FUEL PUMPS

Register company fuel pumps with details, credit limits and contact information.

FUEL PURCHASE LOG

Record every fuel purchase with date, pump, fuel type, quantity, rate and amount.

BILLING MANAGEMENT

Create and manage fuel bills submitted by pumps with easy verification & approval.

LEDGER & PAYABLES

Maintain pump-wise ledger, track payable amounts and payment status in real-time.

PAYMENTS & ADJUSTMENTS

Record payments, advances and adjustments against bills with full transaction history.

REAL-TIME DASHBOARD

Get real-time overview of fuel purchases, bills, payments and outstanding balance.

FUEL SUMMARY REPORTS

Generate detailed reports on purchases, consumption, bills and pump performance.

CREDIT LIMIT CONTROL

Set credit limits for pumps and get alerts on limit usage and outstanding balance.

ALERTS & NOTIFICATIONS

Instant alerts for bill pending, payment due, credit limit exceeded and more.

ACCURATE LEDGER

Automatic ledger updates ensure accuracy, transparency and better financial control.

AUTHORIZED PUMPS

Purchase fuel only from registered company pumps.

BILL VERIFICATION

Verify bills with purchase logs before approval.

TRANSPARENT TRACKING

Track every transaction from purchase to payment.

BETTER CONTROL

Improve cost control and reduce fuel expenses.

DATA DRIVEN INSIGHTS

Make informed decisions with accurate fuel data.

STORE & MULTI STORE MANAGEMENT

Manage multiple stores, streamline purchases, handle requisitions and maintain inventory with accuracy and efficiency.

END TO END STORE & PURCHASE MANAGEMENT

MULTI STORE MANAGEMENT

- ✓ Create & manage multiple stores/warehouses
- ✓ Store wise stock tracking
- ✓ Transfer stock between stores
- ✓ Set store permissions & access control

REQUISITION MANAGEMENT

- ✓ Create material requisitions
- ✓ Approve / Reject requisitions
- ✓ Track requisition status in real-time
- ✓ Convert requisition to PO

PURCHASE MANAGEMENT

- ✓ Create & manage purchase orders
- ✓ Vendor management & price tracking
- ✓ Goods receipt & GRN entry
- ✓ Track PO status from order to receipt

INVENTORY MANAGEMENT

- ✓ Real-time stock visibility
- ✓ Stock in hand, reserved & in transit
- ✓ Low stock & reorder alerts
- ✓ Batch, expiry & serial number tracking

RETURNS & ADJUSTMENTS

- ✓ Purchase returns to vendor
- ✓ Material issue & return
- ✓ Stock adjustment with reasons
- ✓ Maintain accurate stock records

KEY FEATURES

REAL-TIME TRIP TRACKING

Track vehicle location, route, speed and trip progress in real-time on map.

TRIP STATUS MONITORING

Monitor Running, Idle, Stop and Completed status with total duration and distance.

IDLE TIME MONITORING

Identify excessive idle time to improve efficiency and reduce unnecessary fuel cost.

WARNINGS & ALERTS

Get instant alerts for long idle, overspeeding, geofence breach and other critical events.

TRIP ANALYTICS

Analyze trip performance with detailed reports on duration, distance, fuel and stops.

PICKUP-01 exited assigned geofence area. 09:58 AM

REDUCE FUEL COST

Monitor idle time and optimize vehicle usage.

IMPROVE PRODUCTIVITY

Track trip performance and increase operational efficiency.

PREVENT MISUSE

Detect long idle, overspeeding and unauthorized stoppages.

DETAILED REPORTS

Get comprehensive trip reports for better decision making.

INSTANT ALERTS

Receive real-time alerts and notifications for critical events.

DATA DRIVEN DECISIONS

Use trip insights to plan routes and reduce costs.

PAPER REMINDERS & ALERTS

Never miss an important document or renewal date. Stay compliant, stay worry-free.

SMART REMINDERS

Get reminders before document expiry based on your preferred advance time.

INSTANT ALERTS

Receive real-time alerts via app, email & SMS for upcoming expiries.

ALL DOCUMENTS COVERED

RC, Insurance, Fitness, Tax Token, Permit, Driver License and more.

ASSIGN & TRACK

Assign documents to vehicles or drivers and track expiry in one place.

DASHBOARD OVERVIEW

Get a quick view of upcoming expiries and overdue documents.

Stay Compliant

Avoid fines and legal issues.

On-Time Renewals

Renew documents on time, every time.

No More Hassle

Automatic reminders save time and effort.

Smart Notifications

Get alerts the way you prefer.

Better Control

Centralized tracking for all your documents.

JOB CARD TO DISCHARGE & COSTING

Complete workflow from job card creation to discharge and accurate costing – all in one place.

- Standardized Process**

Follow a structured workflow for every vehicle.
- Better Control**

Track tasks, parts, labor and approvals at every step.
- Accurate Costing**

Capture all costs and generate precise job-wise expenses.
- Complete Transparency**

Full visibility from garage work to final discharge.

Real-time Monitoring

Monitor your fleet in real-time with live dashcam feeds.

Improve Safety

Detect risky behavior and improve driver safety.

Incident Evidence

Use recorded videos as evidence for any incident.

Cloud Storage

Secure cloud storage with easy access anytime.

Easy Access

Access live feeds and recordings from web & mobile.

ACCIDENT RECORD MANAGEMENT

Record and manage every accident in detail with damage, police case and insurance information in one place.

COMPLETE ACCIDENT MANAGEMENT

DAMAGE RECORD

- ✓ Record damage details with photos
- ✓ Damage type & severity
- ✓ Repair estimate & actual cost
- ✓ Workshop & repair information

POLICE CASE

- ✓ FIR & police report details
- ✓ Police station & officer information
- ✓ Case number & filing date
- ✓ Case status tracking

INSURANCE

- ✓ Insurance provider details
- ✓ Policy number & validity
- ✓ Claim number & claim amount
- ✓ Claim status tracking

Cost Control

Track repair & claim costs effectively.

Compliance

Stay compliant with legal & insurance requirements.

Faster Claims

Quick documentation speeds up claims.

Data Insights

Get insights to prevent future accidents.

GARAGE & MECHANIC FEATURES

Complete garage management with job card, mechanic handling and service tracking.

GARAGE MANAGEMENT

- ✓ Manage multiple garages/branches
- ✓ Garage profile & contact details
- ✓ Working hours & service settings
- ✓ Track overall garage performance

JOB CARD MANAGEMENT

- ✓ Create & manage job cards
- ✓ Assign vehicle & mechanic
- ✓ Record complaints & service details
- ✓ Parts used, labor & other charges
- ✓ Job status: Pending, In Progress, Completed
- ✓ Job card history & reports

MECHANIC MANAGEMENT

- ✓ Add & manage mechanics
- ✓ Skills, specialization & experience
- ✓ Assign jobs & track performance
- ✓ Attendance & productivity overview

SERVICE & REPAIR TRACKING

- ✓ Track service & repair progress
- ✓ Parts inventory & consumption
- ✓ Estimate vs actual cost comparison
- ✓ Service history for each vehicle

BILLING & INVOICING

- ✓ Generate invoices from job cards
- ✓ Labor, parts & tax calculation
- ✓ Payment tracking (paid / due)
- ✓ Print & download invoices

REPORTS & INSIGHTS

- ✓ Garage performance reports
- ✓ Job card summary
- ✓ Mechanic performance
- ✓ Revenue & service analytics

Faster Turnaround
Reduce vehicle
downtime

Better Efficiency
Streamline garage
operations

Cost Control
Track expenses &
improve profitability

Quality Service
Ensure timely & reliable
maintenance
